NEW HANOVER COUNTY COURT MINUTES, 1738-1769

The extant court minutes of New Hanover County, North Carolina, 1738-1769, have been painstakingly read, abstracted, edited and published by Alexander M. Walker of Bethesda, Maryland, a native of New Hanover County. There are few genealogists but what realize how difficult and tedious court minutes are. Much genealogical source material may be gleaned from court minutes, and noted in these abstracts are wills, inventories, deeds, guardianships, powers of attorney, petitions, juries, and countless other items of varying interest and importance. Well indexed; three early maps of the region (1733, 1738, 1770). Price: \$5.00. Order from: Mr. Alexander M. Walker, 4887 Battery Lane, Apt. 21, Bethesda 14, Maryland.

HEIRS OF SOME NORTH CAROLINA REVOLUTIONARY SOLDIERS

Contributed by William Henry Dumont
First Vice President, National Genealogical Society
Washington, D. C.

The heirs of 21 Revolutionary War soldiers from North Carolina received Bounty Land Scrip between 1834 and 1859 in place of the original Revolutionary Bounty Land Warrants which had been issued to the veterans. There are 71 heirs and/or relatives listed for the 21 veterans. In 16 instances the exact relationship of the heirs is given.

The original military Bounty Land Warrants were issued to veterans of the Revolution and were good only in certain areas. By 1830 there were a large number of these Warrants still outstanding, as the veterans did not want to locate in the regions where their Warrants were supposed to be used. Congress passed a law on 30 May 1830 "For the relief of certain officers and soldiers of the Virginia Line and Navy, and of the Continental Army, during the Revolutionary War," which authorized them to surrender to the Secretary of the Treasury before 1 Jan. 1835 their warrants for which bounty land still had not been granted and to receive certificates or scrip. Congress later passed three additional acts which authorized additional land for these scrips (Acts of 13 August 1832, 2 March 1833, and 3 March 1835). A final act was passed on 31 August 1852 which authorized that all outstanding military land warrants should be surrendered to the Secretary of the Interior for scrip and that there be no further exchange. The last record of the exchange of warrants for scrip was noted in 1870.

The veterans' names and their heirs were found in one of the "old loan" office records, now in the U. S. National Archives. This volume is No. NN and is entitled "Bounty Land Scrip--Act of 1833." The first 199 pages have the names only of veterans from Virginia. From page 200 through 274 and on several unnumbered loose pages there are listed the names of veterans from all the 13 original states.

There are 15 columns of entries, spread across two pages: (1) No. of certificate, (2) Date of certificate, (3) No. of acres, (4) Dollars, (5) Cents, (6) To whom issued (i. e. veteran), (7) In what capacity (rank), (8) In what service, (9) In satisfaction of warrant to (heirs), (10) Warrant (i. e. original or copy), (11) No. of warrant, (12) No. of acres, (13) No. of acres unsatisfied, (14) When application was received at General Land Office, and (15) No. of application.

To conserve space, information from only six of the columns is given below:

The veteran's name (column 6, as outlined above), rank (column 7), service (8), page or certificate number (1), year of certificate (2), and heirs (9). The page number is used except when the veteran's name appeared in the un-numbered pages at the end of the book, then the certificate number has been used.

STATUS OF CHILDREN IN QUAKER MEETINGS

From minutes of Cane Creek Quarterly Meeting, 1760-1900 (In vault at Guilford College), page 168 - dated 10 of 11 Mo. 1781 -:

"The committee appointed to take under their consideration Several Important matters relative to society that may likely come before this meeting, report that having taken under their consideration the case of children being received into membership on the request of their parents, give it as their Judgment, that when Monthly mtgs are fully satisfied concerning the clear convincment of such parents and have fully enquired into the conduct of their families that the said mtgs should be invested with adiscretionary power to receive all such children in Minority on the request of their parents as they may Judge worthy.

"And in case of children when only one of their parents come in By request that the children of such shall have no right in Our Society, Untill the monthly meeting may be free to receive them by application. But where the parents have married among friends & conducted orderly for a time and one of them should be disowned and they have children afterwards yet Such children shall be looked upon to have full right of membership untill they forfeit it by their own misconduct."

1757 TAX LIST OF BERTIE COUNTY

Bertie tax lists begin in 1755 but are incomplete prior to 1757. This 1757 tax list was chosen for publication in TNC because it was the earliest one that was complete, and also because the original listings (18 separate lists) are preserved along with the official alphabetical list. In addition, there was an earlier alphabetical listing evidently made up before all returns were in and was later replaced by the more complete list. The earlier listing (1813 total taxables) has been compared with the later list (1939 total taxables) and all names on the earlier list are indicated in the later list (below) by an asterisk [*], and differences in spelling have been noted. There were, also, three other listings: one, delinquents; two, insolvents; and three, a list of taxes received for 1757 "which were not Inlisted." The delinquents had all evidently paid their taxes by time the final alphabetical list was made, and these names are underlined in the alphabetical list (below).

The 18 original listings are published in full for two reasons: one, for the value derived from association of names; and two, because in many instances several taxables in one household were named in full but on the official alphabetical listing only the head of the household was listed by name and all other taxables in his household were lumped together and shown merely as a number. Thus there are hundreds of names in the original lists that do not appear at all on the official alphabetical listing.

The 18 original listings appear below, followed by the official alphabetical listing, and lastly by two of the three "other listings," as explained above. In consulting these lists keep in mind that Bertie County was formed in 1722 from Chowan County, and that in 1759 Hertford County was formed from Bertie, Chowan and Northampton Counties. Thus these 1757 tax lists included all of present-day Bertie County and the southern third (approximately) of Hertford County.

NOTE: Not all of the foregoing 18 original lists are tax lists, actually. A few of them are constable's lists of persons summoned to list their taxable property. These constable's lists are included here, however, for their genealogical value, even though it results in a slight duplication of names.
